

REMARKS/ARGUMENTS

The above preliminary amendment is made to amend the patent application title and remove multiple dependencies from claims and amend according to US practice.

Applicant respectfully requests that this preliminary amendment be entered into the record prior to calculation of the filing fee and prior to examination and consideration of the above-identified application.

If a telephone conference would be helpful in resolving any issues concerning this communication, please contact Applicant's attorney of record, Michael B. Lasky at (952) 253-4106.

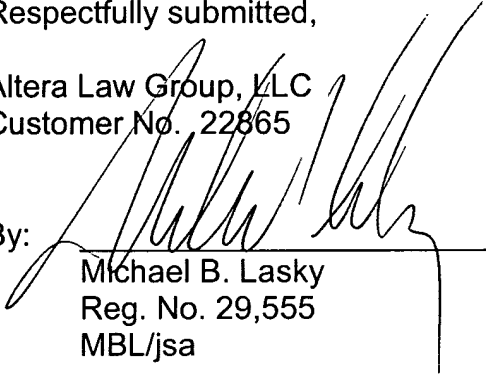

Respectfully submitted,
